September, 2006

## TIP OF THE MONTH

We will be changing our seminar format from a one day seminar to 4 modules of 3 hours each day. This will enable us to have more hands on, to cover the material in more details, cover more practical issues and discuss troubleshooting.

The modules details will be announce in September. You will be able to choose the module that is of interest to you.

Happy finishing

*Martin Daigle (Chemcraft)*

**Seminar on sanding equipment with Dynabrade  
Many specials available on Dynabrade equipment**

**Thursday September 7th, 1:00 p.m. to 4:00 p.m.**

# NEW PRODUCT INTRODUCTION

## **EC79 Oil Free 6 Gallon Pancake Air Compressor**

- Contractor grade induction motor for extended life is dramatically quieter than competitive universal motor models
- Oil free pump provides minimal maintenance and worry free finish applications
- Pancake design makes the EC79 compact and easy to transport
- The well positioned carrying handle on top makes this unit highly portable and convenient to use
- 2 Peak HP/1 Run HP compressor runs on standard household current drawing only 13 Amps
- 6-gallon tank provides reserve of air supply
- 2.7 cfm at 90 psi makes the EC79 capable of accomplishing short burst applications with tools like finish nailers and staplers
- Integrated control panel protects all components from damage
- Complete shrouding provides extra protection against damage during transport, while protecting the end user from hot surfaces
- Easy to use drain ball valves
- Factory Installed 1/4" Coupler
- Ball Valve Tank Drain

# Dynabrade

## Specilized finishing sanders Promo

Now Until September 15<sup>th</sup>, 2006.

The right tool at the right place pays well!

The new Dynabug II #58500 of about 3"x 4¼"

- Goes straight into square corners VS a round pad machine
- Its 3/32" orbit gives it a very low vibration level
- Reg. price \$350.00 **On sale at \$198.00**

The #57810 Dynabug with a 3 2/3" x 7" pad goes well with abrasives in sheets due to its clips

- Goes straight into square corners Versus a round pad sander
- Its 3/32" orbit gives it a very low vibration level
- Reg. price \$470.00 **On sale at \$275.00**

The #57407 Dynaline with a 2¾" x 8" pad goes well with abrasives in sheets due to its clips

- In-line sanding for a swirl free finish !
- Reg. Price \$755.00 **On sale at \$595.00**

The #57500 Mini Dynorbital for 1¼" or ¾" diam. discs is ideal for detailing, small and tight spots or spot repairs, avoiding to do it all by hand.

- Reg. Price \$390.00 **On sale at \$221.00**

The #57910 Dynafine kit #57910 is perfect for detailing and finishing, easy access to tight areas with a 1/32 orbit .

- Many different sizes and shapes of pads are available
- Reg. Price \$565.00 **On sale at \$445.00**

The Dynabug Model T #57920 for very fine sanding between lacquer coats or surface repairs. It uses half the compressed air of a conventional orbital sander, ideal to use with small compressors

- Reg. Price \$230.00 **On sale at \$181.00**

Get a free replacement pad with every tool purchased!
